*****Q: Custom SQLQuery not allowed in Dialog I'm migrating my application from Joomla 1.5 to Joomla 2.5. The following piece of code works in the old version but won't in the new: \$db = &JFactory::getDBO(); \$select = \$db->getQuery(true); \$select = "SELECT b.*, b.item_id AS `itemid`, a.* FROM jos_directory_items AS b, jos_directory_items AS a WHERE b.item_id = a.item_id AND b.access!= '1'"; \$db->setQuery(\$select); \$itemset = \$db->loadObjectList(); Once I enable XML output for debugging I get the following message: Startup.php line 91: SQLSTATE[42000]: Syntax error or access violation: 1064 You have an error in your SQL syntax; check the manual that corresponds to your MySQL server version for the right syntax to use near '* FROM jos_directory_items AS b, jos_directory_items AS a'at line 3 in So to my understanding I can't use * in SQL queries anymore. However, I tried to fix this issue by switching * to a reserved keyword: \$select = \$db->getQuery(true); \$select = "SELECT `b.*`, `b.item_id` AS `itemid`, `a.*` FROM jos_directory_items AS b
